Number 411

THURSDAY, MARCH 17. 1743.

Naples, Feb. 26.

On Wednesday last, about an Hour before Sun-set, we felt two pretty brisk Shocks of an Earthquake, which however did no Mischief at all. The People however were excessively frightened, all the Diversions of the Season were immediately suspended, and nothing but Prayers and Processions were to be seen. The Catarrh or Fever which has done so much Mischief at Rome, has reach'd this City, and scarce any Body has escap'd; but it is observ'd, that it has not been so mortal here as in other Places. At this Juncture, at least, a third part of the Inhabitants of this City are confined to their Rooms.

Genoa, March 2. A Felucca from Bastia has brought us the melancholy News of the Death of the Marquis de Spinola, Commissary for this Republick in the Island of Corsica. He was a Native of that Country, a Man of great Honour, and vast Abilities. We have been for some time apprehensive of his Demise, and have been thinking how to re-place him, but at present no body seems very desirous of filling his Post. It is very certain that the News publish'd from Corsica is, generally speaking, made here, and rarely maintains its Credit 24 Hours. We know that Baron Neuhoft conferr'd with a Person of great Distinction at Leghorn, that he has landed vast Quantities of Ammunition and Fire-Arms at Balagna, and that the Corsicans all over Italy have quitted their Establishments to return home, in Obedience to his Edict; which does not agree with the Accounts given here by Authority, that the Chiefs of the Malecontents are very dissident of him, and that he will be obliged to return without effecting any Thing.

Prague, March 9. On the 5th there was a general Search throughout this City for dissatisfied Persons, and several were seized. The next Day an unlucky Accident happened, which may be attended with very bad Consequences. As the French Soldiers recover, they are carried from the Hospital to the Convent at Emaus, where they are supplied with Necessaries for their Money. One of these Soldiers ask'd his Officer the other Day for a small Sum, and was answer'd that he had none about him; upon which he attack'd him, beat him down, and endeavour'd to strangle him; upon which he call'd to the Sentry to fire. The Fellow obey'd him, and laid the Frenchman sprawling on the Pavement. His Companions, who stood very quiet while he was beating their Officer, threw themselves immediately upon the Guard, which consisted but of nine Men, and treated them very ill. The Governor having Notice of this, sent instantly a Detachment to the Place, who made the Mutineers Prisoners, and put them in Irons; nor is it yet known what Turn the Thing will take.

Paris, March 19. M. Chauvelin, jun. is named Intendant of the Army which is speedily to assemble on the Moselle. The King, as a Proof of his great Affection for the late Minister, has provided for all his Family in the following Manner: To Mademoiselle de Fleury, he has given 20,000 Livres a Year, by Way of Dowry; to Madame de Narbonne, Sister to the Duke de Fleury, and Wife to a Lieutenant in the Life-guards, 6000 Livres in Annuity, 40,000 Crowns in Money, and a Pension of 3000 Livres; to the Marquis de Fleury, Colonel of Horse, an Annuity of 7000 Livres, and 25,000 Livres in Money; to the Duchess of Fleury 3000 Livres a Year, and as much to each of her Sons.

Brussels, March 18. Count Königsegg-Erps made his Entry into this City in the Coach of our Governor Count Lanoy. He was escorted by three Squadrons of English Horse, one of the Guards, one of the Earl of Pembroke's Regiment, and one of Ligonier's. All the Cannon were fired from the Battery at the Gate of Louvain, and at Night there was a triple Discharge of all the Artillery from the Place, immediately after which he went to pay a Visit to Count Harrach. He is constituted by his Commission Vicar-General to Prince Charles of Lorraine, and Governor-General of the Low-Countries.

Philadelphia, Jan. 4. *Extract of a Letter from Capt. Sibbald, Commander of one of the Philadelphia Privateers, to one of his Owners here.*

Providence, Dec. 9. 1742.

S I R,

In my last Letter to you by Way of New York, I acquainted you, that a Flag of Truce from the Govern-

ment of the Havana was arrived here, and that a Spanish Gentleman on board, named Don Pedro, had full Power to treat with us about the Ransom of the Ship, and the Royal Company's Effects. By his first Proposal we were to carry the Ship under our Convoy to the Bay of Honda, to the Matanza's, or to the Havanna, and there to receive 65,000 Pieces of Eight; all which we rejected, and insisted on the prime Cost at Cadiz, which, with the Charge of Package, amounted to 111,784 Pieces of Eight; but by the Advice of his Excellency Governor Tinker, we at length agreed to take 90,000 Pieces of Eight, to be paid here at Providence, and deposited in the Governor's Hands till the Ship was delivered. We are much obliged to the Governor, who has taken a great deal of Pains in our behalf, as likewise to some Gentlemen on the Island. Don Pedro had no Instructions to treat with us about any Thing but the Royal Company's Effects; but as Capt. Dowel, and the Governor's Secretary, are gone down to the Havanna with a Flag of Truce in the Sloop, we have given them Orders to treat for the Ransom of the private Adventures on board the Ship, the Settee, Quicksilver, Wine, &c. and limited them to 70,000 Pieces of Eight. They failed the 1st of this Inst. December, and we expect them here in 10 or 12 Days. Great part of the Goods in the Ship's Cargo are only suitable for a Spanish Market, and would not, in any of our Colonies, have produc'd any thing near the Sum that we are to have for them. We are to convoy the Ship, after we have receiv'd the Money, within seven Leagues of the Havanna; and, for our Security, are to have a Passport from the Governor of that Place. By our Agreement we are to commit no Hostilities against the Spaniards for 4 Days after we leave the Ship; and they are bound up to the same Terms with respect to us. The 3 Sloops which we brought in first, still remain here; and no Claimers having as yet appear'd, we design to petition the Governor for Liberty to sell them. I hope my Proceedings will be agreeable to you, the Concern being so weighty, that it has given me a good deal of Uneasiness.—We have sent all the Spanish Prisoners down in the Flag of Truce, and are to have 280 English Prisoners back from the Havanna. We put Capt. Hog down first on the List.

P. S. The Rose Man of War, Capt. Tho. Frankland, arrived at Providence about 4 Hours before the Flag of Truce failed, and generously made Don Pedro a Present of 14 Spanish Slaves, which had been legally condemn'd at Carolina, on behalf of the English Prisoners at the Havanna, that they may be kindly used, and furnished with what may be necessary at their coming away. The Rose is now under Sail, bound on a Cruise in the old Straits.

Boston, Dec. 23. The Select Men having lately appointed a Number of suitable Persons to go thro' the several Wards of this Town, to take an Account of the Number of Inhabitants, Dwelling-houses, Warehouses, Houses and Cows within the same, they have reported on Oath as follows, viz. That there are, 16382 Souls, including 1374 Negroes, 1719 Houses, 166 Warehouses, 418 Houses, and 141 Cows.

In the Alms-house are 110 Persons supported by the Town, and 36 in the Work-house. There are also in the Town at least 1200 Widows, and 1000 of them in very low Circumstances.

The ROYAL BEAUTIFYING FLUID.

SO exceedingly valued by Ladies of
Quality and all who have used it, for its transcendent Ra-
diancy in Beautifying the Face, Neck, and Hands to the
most exquisite Perfection possible, is to be had only at Mr.
Radford's Toyshop at the Rose and Crown against St. Clement's
Church-yard in the Strand.

It gives an inexpressible fine Air to the Features of the Face
on the Spot, and a surprising Handsomeness to the Neck and
Hands, which it immediately makes exceedingly smooth, fine,
and delicately white.

Nothing in the World can sooner or more certainly take
away all disagreeable Redness, Spots, Pimples, Heats, Rough-
ness, Morpew, Worms in the Face, Marks of the Small Pox,
Sun-burn, or any other Discolouring, nor remove all Wrinkles
so perfectly, for it quickly makes the Skin become so incom-
parably fine, clear, plump, soft, and beautifully fair, as to
cause Admiration in the Beholders.

It really gives a most engaging resplendent Brightness to the
whole Countenance, and causes sparkling Life, Spirit, a juve-
nile Bloom to reign in every Feature, and yet is nothing of
Paint, but far exceeds it, by its bringing the Skin, whether
of the Face, Neck, or Hands, and the brown, red or rough,
to a natural, youthful Fairness, Smoothness, and most charm-
ing Delicacy, which Paint only faintly imitates; neither is
this ROYAL BEAUTIFIER prepared from the least Partic-
le of Mercury, or any Thing Metaline, but is perfectly harm-
less and may be given inwardly even to Children. It has also
a pleasant Scent, will not soil the finest Lawn, and is very
agreeable to use.

But these its admirable Properties, by which it vastly ex-
ceeds any Thing whatever for the like Purpose, have occasioned
many to imitate it, under various other Names, beware there-
fore of such Impositions, the true ROYAL BEAUTIFYING
FLUID, that has given such universal Satisfaction to so many
Ladies of Distinction, being only to be had at Mr. Radford's
Toyshop above-mentioned at 3s. 6d. a Bottle with Directions,
and no where else in England.

The incomparable POWDER for Clean-
ing the TEETH,

Has withstood, by its most excellent and known Virtues, the
Attempts of many repeated Counterfeits, some imitating
it by the Name of Powder, others under several other Names;
therefore pray take Notice, that the only true effectual
and original Powder, is sold no where else, but as mentioned
below: It is sent for in large Quantities from the Planta-
tions beyond the Seas, where good Allowance is given; and
is as effectual in the East and West Indies as at London.

IT has given surprizing Satisfaction to

most of the Nobility and Gentry in England, near 40
Years last past, that it hath been published, and vast Quantities
of it still continue to be sold.

It is sold only at Mrs. King's Toyshop, the Blue-coat-Boys,
against the Cross-Keys Tavern in Cornhill; and at Mrs.
Markham's Great Toy-shop, the Seven Stars now (since she
is removed) directly over-against St. Dunstan's Church in Fleet-
street, and no where else in England at 1s. each Box.

N. B. Pray mind you send to the right Place; for the Shop
Mrs. Markham is removed from, has also got the Seven Stars
for its Sign.

At once using it makes the Teeth as white as Ivory, tho' ever
so black or yellow before, and effectually preserves them from
rotting or decaying, continuing them sound to exceeding old
Age. It wonderfully cures the Scurvy in the Gums, prevents
Rheum or Desquiction, kills the Worms at the Roots of the
Teeth, and thereby hinders the Tooth-ach. It admirably
fastens loose Teeth, being a neat cleanly Medicine, of a plea-
sant and grateful Scent, and in Virtue far exceeds any Thing
ever yet found out for those Purposes.

All the Nobility, Gentry, &c. who send to Mrs. Markham's
for the Powder for Teeth, are desired to give strict Orders not
to mistake the Shop, (MARKHAM at length is under the
Seven Stars) because most of the Toy-men in her Neigh-
hood, seeing Multitudes go to her Shop for it, have crumpe-
d up Counterfeits and sell their Stuff in Imitation of this known
and approved Powder, in Prejudice to the Publick, &c.

The LIP-SALVE.

Which is so much esteemed, and of so many Years large Ex-
perience, and whose Virtues vastly exceed any of the many
Counterfeits, since its first Publication, is sold at the same
Places at 1s. each Box.

For in two or three Hours time it heals them, tho' never so
rough or chapt; prevents the Skin from peeling, and makes
them delicately soft and smooth, giving them a becoming ru-
bicund Colour; the Fragrancy of its Odour also renders the
Breath fine and sweet, and it may be eaten for its Safety.

L O N D O N: Printed for M. COOPER, at the Globe in Pater-Noster-Row.
